Issuer's information/explanatory remarks concerning this ad hoc announcement:

Due to the holiday season and reduction of overtime, the high revenue level of the year before could not be exceeded.

Even though German authorities heavily reduced overtime hours and holiday entitlements accumulated during the 2006 World Cup and therefore many of CeoTronics clients could not be reached, CeoTronics managed to enlarge the very high order backlog of the preceding year.

The Chairman and CEO Thomas H. Günther on the preliminary Q1 results of 2006/2007: "With the development of revenues and the very high order backlog in the first quarter in the business year 06/07 our expectations have been met. We are well on our road to success."
